BRAND STORY

ECO CAPSULE HOME JSC

*Optimizing Space
Unlocking Value*

Eco Capsule Home JSC was founded with the aspiration to create a smart, sustainable, and breakthrough accommodation solution for Vietnam's tourism and hospitality sector.

We specialize in developing modular capsule homes that offer high usability, aesthetic design, rapid deployment, and eco-friendly construction.

With the motto "Turning idle land into cash flow", we accompany resort and tourism developers with existing land to expand capacity, diversify offerings, and maximize investment efficiency.

ABOUT US

ECO CAPSULE HOME

"Green Space

Smart Solutions for Eco-Tourism"

Eco Capsule Home specializes in researching, manufacturing, and providing eco-friendly accommodation solutions for the cultural tourism industry. With two factories located in Ba Ria - Vung Tau and Lam Dong provinces, covering a total area of 30,000 square meters, along with a team of over 100 personnel and a modern assembly line, we possess outstanding production capabilities. We can deliver an average of 50 to 100 capsule homes per month, ensuring rapid response to large-scale project demands.

Our capsule home products feature a flexible design suitable for various terrains, including coastal and mountainous areas. They are made with green materials, allow for easy utility connections, and can be quickly installed on-site. Backed by hundreds of patents and a founding team composed of leading industry experts from both Vietnam and abroad, Eco Capsule Home provides comprehensive solutions – from design and manufacturing to operational support – for eco-tourism and landscape accommodation projects.

Core Values

1

FLEXIBILITY: Fast, adaptable design and implementation for diverse terrains and business models.

2

EFFICIENCY: Optimized investment cost and shortened payback period

3

AESTHETICS: Modern architecture blending with nature enhancing the resort experience.

4

SUSTAINABILITY: Eco-friendly materials promoting green tourism.

5

PARTNERSHIP: Comprehensive and dedicated support from design to operation

Vision & Mission

To become the leading brand in modular hospitality solutions across Southeast Asia, partnering with thousands of resorts to restructure space and optimize investment returns.

To deliver modern, cost-effective, and flexible accommodation solutions to tourism developers, enhancing the guest experience and fostering sustainable tourism development in Vietnam.

- 2mm thick A3003 aluminum panel
- 5mm thick bamboo charcoal panel
- Sanitary iquipment (Regular toilet...) connecting Lmax system Smartphone
- Glass wall, xinfa system aluminum frame
- String curtains

C3

- Structural frame, main load-bearing skeleton
- 2mm thick iron plate cladding
- 5mm thick bamboo charcoal cladding
- Sanitary equipment (Regular toilet...) connecting Lmax system Smartphone
- Glass wall, Xinfa system aluminum frame
- String curtains

COMPETITIVE PRODUCT ADVANTAGES

ADAPTABLE TO ALL TERRAINS, ECO-SYSTEM FRIENDLY

No Foundation Required – Suitable for All Terrains: Can be placed on diverse landscapes such as mountains, forests, and beaches without the need for ground foundation.

Environmentally Friendly – No Damage to Nature: Does not harm existing trees, produces no construction waste, and is designed to blend harmoniously with the natural environment.

FAST PRODUCTION AND INSTALLATION TIME

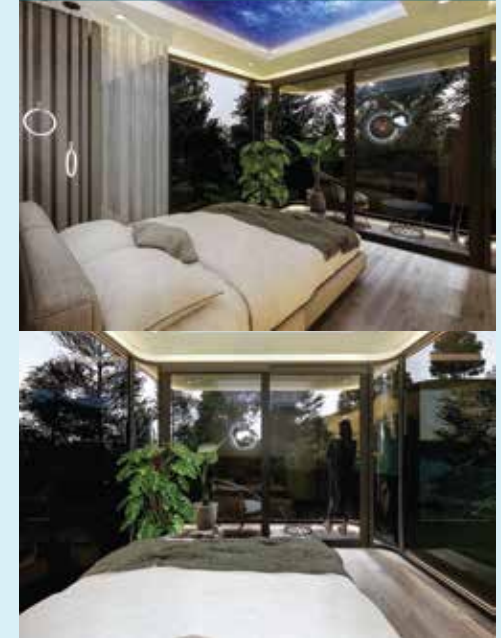

30 Days Production – Only 2 Hours for On-site Installation: Manufactured at the factory within 30 days and requires only 2 hours for on-site installation and setup at the customer's location.

TOURISM MAGNET & PERFECT PHOTO SPOT

Attracts Celebrities & Influencers, Boosting Organic Reach: Draws celebrities, popular TikTokers, and influencers for check-ins, enhancing the product's natural exposure.

BREATHTAKING VIEWS IN HARMONY WITH NATURE

Thermal Insulated Windows – 270-Degree Panoramic View: Equipped with thermal-insulated windows, offering a 270-degree panoramic view, allowing you to relax and sleep while immersing in the natural surroundings.

The C1 model features 2 bedrooms, 1 bathroom, and 1 balcony. It is the most popular product to date.

The design uses a black and white color scheme to enhance the visual effect, with smooth yet robust design lines. The 270-degree wide-angle view, coupled with a skylight and spacious balcony, offers a perfect blend with nature. This combination of features makes the C1 model the most loved choice among customers.

PRODUCT MODEL (C1)

Dimensions (L × W × H): 11.5 × 3.3 × 3.2 meters	
Building Area:	38 m²
Occupancy Capacity:	2 – 4 persons
Electric Power Capacity:	10 kW
Net Weight:	9 tons

The Kitchen and Bathroom are Designed with a Minimalist, Functional Approach, Offering All Essential Amenities for Customers

Elegant and Luxurious **BEDROOM DESIGN**

PRODUCT MODEL (C3)

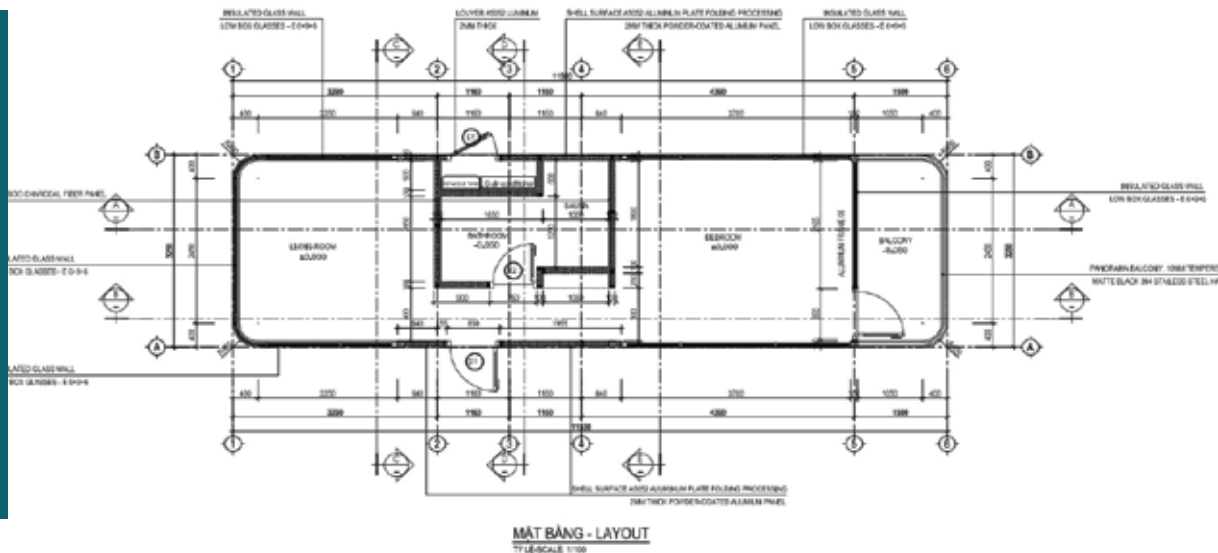

Dimensions (L × W × H)	
Length:	5.5m
Width:	3.3m
